## **Punt, Kick & Pass On The Other Kids**

Last weekend during the Pryor Youth Flag Football League games, there was an annual event taking place just outside of Tiger Stadium. This event, was the annual Pryor Punt, Pass and Kick.

The event, which used to last hours whenever I participated in it back in the day, was only scheduled from 9am-9:45am. This is where my gripe comes into play.

The team my boys play on (The Vikings), were scheduled to play a team at 9am. Our games run an hour, making it impossible for any of the kids on these two teams, to be able to participate in this event.

Now, if you're thinking that I am only griping because my kids couldn't be in it, you're wrong. My kids WERE NOT going to participate. However, just one our team alone, we had four kids that were wanting to try - and may had been able to do a pretty good job. However, by the time our game was over, they were already handing out the prizes to the winners.

You know, it seems to me, that if you are gonna organize this event, and you KNOW you have to do it OUTSIDE the stadium, because there are games going on, shouldn't you make the event long enough for EVERYONE to get a chance to Punt and Kick, and not PASS on other kids you might want to participate?

Larry "The Cable" Guy said it best..."You don't have to be the head cashier at Wal-Mart, to figure this out".
